

Garden Centre Tour Information

Monday November 23, 2009 (9:00am-4:00pm)

Travel by motorcoach to some of New Brunswick's finest garden centres, and local attractions on this year's Garden Centre Tour! We have limited spaces (maximum of 40 people), so sign on early to reserve your space!

Tour Agenda:

9:00am Tour Departs: Moncton Coliseum Complex

9:10am - Arrive at Green Village Home & Garden

Founded in 1988, Green Village has quickly grown to become the largest retail garden center within the Maritime Provinces. Green Village features a nursery, full service garden center, floral, ice cream and a seasonal Christmas center. The family owners business has become a destination for many gardeners all across the province.

10:05am - Arrive at MacArthur's Nurseries Inc.

MacArthur's Nursery was established in 1975 and has grown to become Atlantic Canada's premier garden centre. MacArthur's has approximately 18,000 sq. ft. of retail greenhouses that are open year round as well as a large tree lot area and 60,000 sq. ft. of production greenhouses where they grow annuals, perennials, fall mums and poinsettias. Besides annuals, perennials and trees, the nursery also carries a large selection of tropical and flowering houseplants as well as holiday plants like poinsettias and Easter lilies. They have an extensive display of Christmas items including fresh and artificial trees and greenery as well as decorations and figurines. In peak season the nursery employs 70 - 75 people with 10 full time year round staff. They also have a 10,000 sq. ft. display garden with a pond and waterfalls that is open to the public from April to November.

11:15am - Arrive at Molson Brewery

Delegates will enjoy a tour of the facility that will cover the brewing process in general and the specifics of the operation in the state of the art facility in Moncton. The tour will be 45 minutes and finishes up in the hospitality room for sampling and lunch.

1:45pm - Arrive at Compost Facilities

The Greater Moncton Sewerage Commission's composting facility is a 20 000 ton per year biosolids composting facility. at this facility the Gore cover system is used in the composting process to both speed up and improve the composting process. The resulting compost is a certified class "A" product, resulting in unrestricted use in all mediums. The facility is also one of only five BNQ (bureau de normalisation du Quebec) certified composting facilities in Canada, and the only one in Canada certified composting biosolids.

3:10pm - Arrive at Aquascape Pond Site

4:00pm Tour Ends: Arrive Moncton Coliseum
